

## O'Neill Retarding Basin Rehabilitation Project

### Project Summary

OC Public Works will remove and replace the existing concrete channel within the O'Neill Retarding Basin located in the City of Mission Viejo. Residences located within close proximity to the project area and Mission Viejo Youth Athletic Park visitors may experience an increase in construction-related noise and dust during regular working hours. All work activity within the park will be completed behind temporary fencing.

### WHAT

In an effort to mitigate the impact to residents and Mission Viejo Youth Athletic Park visitors, OC Public Works will construct a temporary access ramp from the existing maintenance road off of Olympiad Road. The temporary access ramp will allow crews and contractors to access the work area without traveling through residential streets and accessing the current maintenance road located near area residences off of La Barca.

### WHEN

#### Anticipated Construction Duration

July 2019 — late October 2019

**Working Hours** | Monday—Friday | 7 am — 4 pm

*The construction schedule is tentative and subject to change due to weather and other factors.*

### WHERE

#### Map Legend

- Construction Area
- Temporary Access Ramp
- Mission Viejo Youth Athletic Park
