

# Pet of the Week

## Misha !

Sweet senior Misha is an 11-year-old Pomeranian mix who arrived to OC Animal Care as a stray from the city of Fullerton. Misha was initially quite nervous but given some time to adjust to her new surroundings, she began to show off some of her playful personality. This gorgeous girl walks well on a leash and appreciates gentle touch from those who get to know her. Misha has been around other small breed dogs while in our doggie playgroup here at the shelter and may do well living with another senior K9 friend. Misha would enjoy a quiet, adult-only home where she can snooze on a lap or munch on soft, tasty snacks. She has some missing teeth and age-related eye changes, so it will be important that Misha receives routine medical checkups to help her stay healthy in her golden years. If you can provide Misha with a place to retire and relax, please call 714-935-6848 to schedule an adoption appointment! ANIMAL ID: A1719150
