

OC Animal Care

Pet of the Week

Liberty!

16-week-old Liberty was found as a stray in the city of Santa Ana in August. She had somehow suffered a traumatic injury to her rear right leg and was taken to an emergency clinic for overnight care. When she arrived at OC Animal Care the next day, it was determined that she would need amputation of the injured limb. Our dedicated medical team went straight to work providing Liberty with the vital procedure. It took Liberty several weeks to fully recover but she has now healed and is ready to find her forever home! Our staff and volunteers have been working diligently to help bring Liberty out of her shy shell. She will need patient, understanding adopters who will work with her to build confidence, gain trust and heal from the trauma she experienced while on the streets. With some extra TLC, we are hopeful this adorable little tripod girl can continue to grow and blossom in her new home! Does Liberty sound like the purrfect fit for you? Please call 714-935-6848 to schedule an adoption appointment!
